## MAY/JUNE 2017 IMPORTANT DATES AND INFORMATION

### 5th Grade Promotion Ceremony

Our elementary students are growing up! The class of 2024, our 5th grade class, will celebrate their 5th Grade Promotion on June 2nd.

The ceremony will take place in the OES Gym at 2:00 PM, followed by cake in the cafeteria. Families, relatives, and friends of the 5th grade students are invited to attend this special ceremony. At 3:05 PM, the 5th grade will walk through the hallways of OES as students and staff "clap them off" to their middle school adventure. This is a memorable day for the students. I hope you can join us for the event.

### Summer School

Carmen Klassy, our Summer School Coordinator, is working feverishly to complete the summer school class rosters. Your child will receive their schedules by the end of May. It is not too late to register for summer school, if you haven't done so already. Please call Linda Garriety at 583-3146, to assist you with registering your children.

The sessions and times are as follows:

**Session One:** Mon., June 12 – Fri., June 30

**Session Two:** Wed., July 5 – Fri., July 21

**Times:** 8:00 AM – 12:30 PM

## End of the Year Assessments

Staff and students are working hard to complete end of the year benchmark assessments including PALS for grades 4K - 2 and MAPS, Fountas and Pinnell, and AIMSweb for grades K - 5. All of these literacy and math assessments demonstrate your child's growth for this school year. They also provide great information for next year's staff to support the academic strengths and target areas of your child. You will learn more about the results of these assessments in your child's report card.

## Wrapping Up the Year

As I write this final monthly memo, I am reflecting on all of the wonderful opportunities and experiences that have occurred this school year. Then, I look ahead at all of the exciting events that are still to come... spring concerts, field trips, field day... the list goes on and on.

**THANK YOU** parents for being active participants in your child's education. Being a parent is extremely hard work. It is the hardest job there is. Being a partner with your child's teachers only makes the school experience more positive, meaningful, and effective. I am sure you have heard the say, "It takes a village to raise a child". That statement speaks volumes when we all work together to model and support a **growth mindset** with our children. Thank you for all you do to make this happen at home because we are working just as hard at school!
