Message From Mr. Brown

Dear Oakfield Families and Students,

Welcome back to a brand-new school year, filled with excitement, possibilities, and growth! I hope this message finds you rejuvenated and ready to embark on an incredible learning journey together.

We are absolutely thrilled to be welcoming you all to our soon-to-be newly constructed school. This beautiful space has been designed with your comfort, creativity, and success in mind. With state-of-the-art facilities and innovative classrooms, we are committed to providing you with the best learning environment possible.

As we enter this new chapter, I want to share my personal journey with you. This past spring and summer was filled with a difficult personal struggle. Throughout the process of finding myself again, I began exploring the practice of yoga. Yoga has taught me the importance of finding stillness and taking a moment to breathe and reconnect in what life throws our way. Just like in yoga, our school is a place where we need to find moments of calm and inner reflection, a place where we can grow and learn together. To find ourselves.

As we move forward into the school year, I encourage each and every one of you to embrace the quote from Ram Daas: "It is important to expect nothing, to take every experience, including negative ones, as merely steps on the path, and to proceed." Each experience, whether positive or challenging, is an opportunity for us to learn, to grow, and to become better versions of ourselves.

Together, we will support one another, learn from one another, and build a community of compassion, resilience, and understanding. Our new school is not just a building; it is a place where dreams will be nurtured, where friendships will be forged, and where memories will be created.

To our returning students, welcome back with open arms. Your presence and enthusiasm make our school community vibrant and special. To our new students, welcome to our family! We are excited to get to know you and support you in your academic journey.

Parents and guardians, thank you for entrusting us with your child's education. We are committed to fostering a safe and supportive environment where your child can flourish academically, emotionally, and socially.

Teachers and staff, your dedication and passion for education are the bedrock of our school's success. Your unwavering commitment to our students is truly inspiring. You are what makes us great. You set the standard for our students and community. You are the engine. Thank you!

I am confident that together, we will make this school year one of growth, joy, and discovery. Let's take each step on this path of learning with courage and determination.

Welcome back to school. Let's create amazing memories together.

Message from Mrs. Doyle

Oakfield Elementary students are getting ready to "Get Into The Game at OES" on the first day of school, Monday, September 11th. As our staff prepares the building for our school sports theme this year, we know students are anxious to visit the school for a sneak peak, and drop off supplies. Families mark your calendars, Oakfield Elementary Open House is Wednesday, September 6 from 4:00 - 6:00 PM. We can't wait to welcome the students and families back into our school. It has been a LONG summer for everyone! Thank you for all your support this summer, so the Middle School/High School could be renovated for our students and community. It looks AMAZING! I can't wait for the community to celebrate the start of the school AND the new facilities thanks to the support of our outstanding Oakfield community! Let's Go Oaks!

Message from Ms. Connors

Exciting Progress: Renovation of Oakfield's Middle School/High School Nears Completion.

After months of dedicated effort and hard work, the eagerly awaited renovation of the Oakfield Middle School/High School is nearing completion, setting the stage for an exciting new chapter in education within Oakfield. The transformation of our school has been nothing short of remarkable, promising a cutting-edge and nurturing environment for our future Oaks.

The renovation project, which began in April of 2023, has been a

collaborative effort involving the combined support of Nexus Solutions, Excel Architectural Firm, Oakfield's School Board and our generous community members. With a shared vision of providing an exceptional educational experience, the changes implemented during this project will undoubtedly leave a lasting impact on our students and the community as a whole.

Among the notable improvements are:

1. **Modernized Classrooms:** The school now boasts state-of-the-art classrooms equipped with advanced technology to enhance the learning experience. With interactive smart boards, modern teaching tools, and high-speed internet connectivity, our students will have access to cutting-edge resources to fuel their intellectual curiosity.
2. **Infrastructure Improvements:** We take pride in the new systems that are "not seen"; new sewer and water piping throughout the site as well as updated electrical, and HVAC systems.
3. **Safety Upgrades:** The safety and security of our students have been a top priority during the renovation. The implementation of advanced security systems and emergency preparedness measures ensures a safe and protected environment for all.
4. **Community Spaces:** Our new community spaces are designed to foster interaction and collaboration, creating an inclusive environment for all.

Principal Brown expressed his excitement, stating, "The transformation we have witnessed during this renovation project is awe-inspiring. Our school will now be an incubator for innovation and creativity, providing our students with the resources they need to excel in an ever-changing world."

The renovations final stages are in sight, with the last touches being added to ensure a seamless and exciting return for students and staff. The administration is eagerly preparing for a grand reopening celebration to mark the completion of the project, where the community will be invited to witness the new and improved middle school/high school.

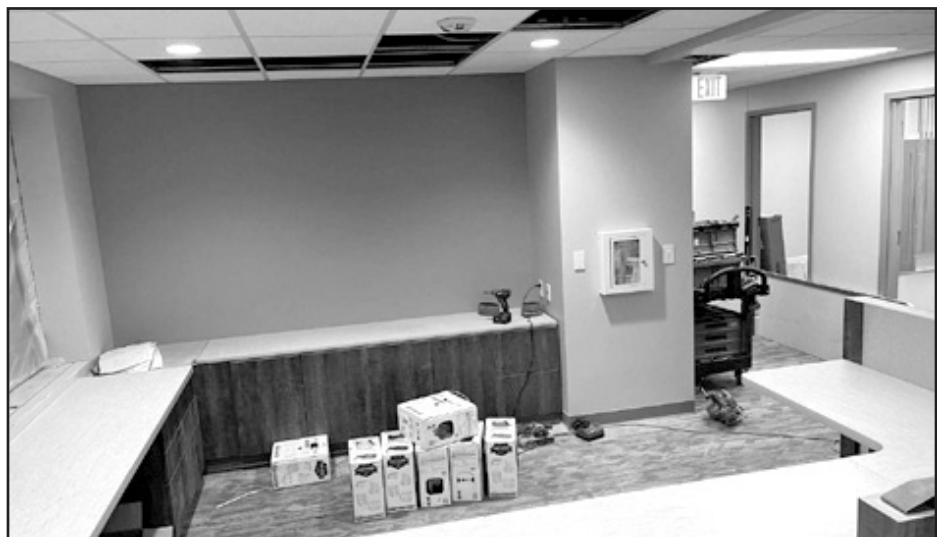

As the completion date approaches, we invite everyone to look forward to an open house event, providing an opportunity for the community to explore the renovated premises and experience firsthand the transformation awaiting our students.

The renovation of the middle school/high school exemplifies the power of collective action and demonstrates our community's unwavering commitment to nurturing the minds of our future leaders. The upgraded facilities and resources will undoubtedly pave the way for a brighter future, empowering our students to reach new heights of academic excellence and personal growth.

Be sure to mark your calendars for the upcoming open house event on October 6, 2023 at 4 p.m. Join us in celebrating this momentous occasion as we unveil the new era of learning at Oakfield Middle School/High School.

Oakfield our roots run deep and our branches stretch far!

HAM & PICKLE ROLL-UPS

What could be better than a quick, easy, and **HEALTHY** snack that kids will love! Not to mention with so few ingredients it's inexpensive as well!

INGREDIENTS

- Cream Cheese
- Sliced Deli Ham
- Your Favorite Pickles

DIRECTIONS

Step 1

Cut up your pickles to spears

Step 2

Evenly spread cream cheese onto sliced ham (this works better if the cream cheese is softened)

Step 3

Place a pickle spear at one end of the ham slice and roll it up. Cut into bite size pieces and enjoy!

*ALTERNATIVE

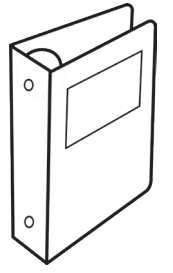

Instead of cutting your pickles into spears you can also finely chop them and mix into your cream cheese before spreading in onto the ham and rolling it up.

Back to School Tips to Prepare for the Year

1. You don't need ONE study space.

A well-stocked desk in a quiet place at home is key, but sometimes you need variety. Coffee shops, libraries, parks, or even just moving to the kitchen table will give you a change of scenery which can prompt your brain to retain information better.

2. Track more than HW in your school planner.

Keeping a calendar helps you plan ahead—make sure you're marking your extracurricular, work, and social commitments, too.

3. Start small.

If you've got a big assignment looming, like a research paper, stay motivated by completing a piece of the project every few days. Write one paragraph each night. Or, do 5 algebra problems from your problem set at a time, and then take a break.

4. School supplies (alone) don't make you organized.

Come up with a system and keep to it. Do you keep one big binder for all your classes with color-coded tabs? Or do you prefer to keep separate notebooks and a folder for handouts? Keep the system simple—if it's too fancy or complicated, you are less likely to keep it up everyday.

5. Get into a routine.

Find the time of day that works best for you (this can change day-to-day, depending on your schedule!), and make a plan to hit the books.

6. Learn how to create a distraction-free zone.

A study on workplace distractions found that it takes workers an average of 25 minutes to return to what they were working on pre-interruption. Try turning off your phone notifications or blocking Twitter (temporarily) on your computer so you can concentrate on the homework tasks at hand.

7. Get real.

When you're looking at the homework you have to get done tonight, be realistic about how long things actually take. Gauging that reading a history chapter will take an hour and writing a response will take another 30 minutes will help you plan how you spend your time.

8. Use class time wisely.

Get a jump on your chemistry homework while it's still fresh in your mind. Or use the time to ask your teacher about concepts that were fuzzy the first time.

9. Look over your notes each night to make sure you've got it.

Fill in details, edit the parts that don't make sense, and star or highlight the bits of information that you know are most important. Interacting with your notes will help you remember them.

10. Study a little every day.

Cramming Spanish vocabulary for a quiz might work in the short-term, but when comes time to study for midterms, you'll be back at square 1. You might remember the vocab list long enough to ace the quiz, but reviewing the terms later will help you store them for the long haul.

11. Don't let a bad grade keep you down.

A rough start to the semester doesn't have to sink your GPA. Take proactive steps by checking your grades regularly online and getting a tutor if you need one.

12. Make a friend in every class.

Find a few people you can contact from each of your classes if you have a homework question or had to miss class (and do the same for them!). Then when it comes time to study for exams, you'll already have a study group.
