### Good-Bye Harmony

I am sad to report that Harmony will be leaving on class on Friday, Dec. 23<sup>rd</sup>. Her family purchased a house in North Fond Du Lac. Harmony brightens our classroom with her smile each morning. We will miss her caring, tender heart and positive outlook on life. She is a caregiver to her classmates and family. She will be greatly missed, but we are also very happy for her to begin her new adventures in North Fond du Lac. We wish you all the best Harmony ☺

### Multiplication and Division

The New Year will kick off a new chapter in math. As I mentioned in a previous newsletter, after attending a math conference in November, Mr. Rickert and I decided to combine the multiplication and division chapters. The concepts will be broken into small parts to help students learn and understand the concepts instead of completely depending on memorization alone. It fits well with the differentiated instruction in our classroom.

Flashcards will be sent home after break for students to use for their Math Calendar time. I will hand out flashcards as we learn each new set of facts.

## Grade School Night

When: Friday, Jan. 6<sup>th</sup>

Where: Oakfield H.S. Gym and Cafeteria

Time: After the Varsity game

What: **Free Admission** to Girls' Varsity Basketball Game and **Autographed Pictures** after the game

## Congratulations

Congratulations to Mason Tapp! Mason was one of the winners in the Nutcracker Art Contest. Students completed the artwork during art class. Ms. Cluppert, our art teacher, submitted the artwork to the contest. Way to go Mason!
