

# The Oakfield Difference

Our Roots Run Deep - Our Branches Stretch Far

May 2023 Oakfield School District, PO Box 99, Oakfield, WI 53065

# Congratulations Mr. Ogle and Mrs. Dineen on your retirement!

#### When did you start and how old were you?

I started in 82-83 and was 26. I worked for my Dad before that and subbed.

#### What was your favorite teaching moment?

Working with my Mom who was a teacher for 37 years. Do you have any interesting stories?

When we watched from Belle Reynolds as they blew the old water tower down.

#### What are you looking forward to about retirement? Getting to read more and sleeping in later.

Working with students. It is fun to watch them grow. I had the parents of a number of our students.

#### Favorite grade or school to teach at?

What will you miss most?

Working with 2nd grade at Belle Reynolds. I like Oakfield Elementary, but Belle was a neat place.

Do you have any words of wisdom for the students at OHS? Give your best and enjoy your time at school. Take advantage of your opportunities as the years fly by fast.

#### When did you start and how old were you?

I was a mother of 3 when I went back to school for my bachelors in education. I graduated from UW Oshkosh in 2008 and started subbing for the district immediately. I was hired here at Oakfield for a permanent position in 2013. My first career as an adult was an LPN at St. Agnes Hospital, then I took time off to be more available for my children. I did a lot of volunteering at their schools which landed me a full-time position as a para-educator, which led me to changing careers.

#### What was your favorite teaching moment?

There are so many moments, but my favorites are when students are working to build understanding of a concept being taught and the "lights go on". The excitement and energy of wanting to share their newly derived strategies is priceless.

#### Do you have any interesting stories?

Yes, one that reappeared this year. Last year I walked into a 3rd grade classroom. The teacher was just informing students that it is not polite to ask a person's age. Many of the students proceeded to ask me my age, so I asked them how old they thought I was. One of the students responded with "36"! I immediately agreed and asked how they knew. The next question was, did I have any kids. I told them I have 3 children. The next question was, how old are they? I responded with "37"... when a student shouted out, "She must be adopted." All of the students thought it was great that I would adopt a child younger than me. I certainly wasn't going to argue with

#### What are you looking forward to about retirement?

Having the freedom to choose what I'm going to do each day and not have to set an alarm. My husband and I like to travel, so that is definitely in the plans. We also have 5 grandchildren that we will spend more time with.

#### What will you miss most?

Watching the students grow and being inspired daily by my incredible colleagues.

#### Favorite grade or school to teach at?

The beauty of my role is I get to experience all of the grade levels K-5 at short intervals each day. It makes it simple to enjoy the students in a small group setting. Do you have any words of wisdom for the students at OHS? During a small group lesson, a fourth grader recently reminded me that "you can't make a horse drink." One of the other students had been struggling with actively participating, so this student shared this quote. I quickly restated the quote in its entirety, "You can lead a horse to water, but you can't make him drink." I took the opportunity to encourage the students to take their learning into their own hands. As teachers, we can provide you with the information you need to know, but we can't force you to learn it, know it, and use it. In order to learn, you have to put the effort into thinking about the information being taught and applying it. And, if you don't understand it, you have to ask questions. The more "actively" you participate in your learning, the greater your chances are for success. Be true to yourself and never stop learning; be a life-long learner and spread your wings, the opportunities are endless.

PRINCIPAL'S MESSAGES

School year 2022-2023...And...that's a wrap.

I am absolutely confident that the past four years have all presented unique challenges. Covid, Covid, Covid, Construction.

But throughout, we have achieved. We have achieved in the classroom as measured by our standardized test scores. We have achieved in our co-curricular activities, where we have 95% of our high school students involved in at least one club, activity, or sport. We put on a play. We found a way to hold prom off-site. We have new co-ops with local schools to help find every way we can support our student-athletes. We are doers.

We have packed. We have moved. We have cleaned. We listened to the beeping of trucks and felt the drum of jackhammers all while teaching and learning continued. We are excited to open a new building in the fall of 2023.

Like every year: we persevered. Our entire learning community and the Village of Oakfield came together to do what we can to benefit our students. I am proud of our accomplishments this year. Our staff was incredible and deserve to be thanked and honored for their work. Our students were solid and continue to be the best part of our district. Our parents and community were supportive and should be recognized for their grace and acceptance of our limitations and requirements this year. We are better together.

There is a saying "the grass is always greener on the other side". And when people ask me how it is working in Oakfield, I talk about how green our grass is. It is great here. We are the other side people talk about. We are the Best Small District in Wisconsin. That is no lie.

We would be remiss if we didn't wish our graduating class our very best. Seniors: We are proud of you. You are the embodiment of all our dreams and have your entire future ahead of you. When you go to work, college, school, or military, and you tell people you are from Oakfield, do it with Oak Pride. You have all the tools necessary to become the successful people we already know you are.

Thank you for your support. Please reach out if there is ever anything I can do to make our district stronger. It is an honor to serve the families of Oakfield.

Timothy J. Brown

# Message from Mrs. Doyle

As our school theme stated, "A Universe of Possibilities", this school year provided many possibilities and opportunities for students and families. This year we launched our STEAM (Science, Technology, Engineering, Arts and Mathematics) Program thanks for Mrs. Vande Berg, our art teacher. Grandparents Day returned after a 4 year delay. The Out of School Time Program launched to support students having additional literacy instruction before or after school thanks to a grant. All grade levels attended field trips. Oakley, our school therapy dog in training, spent a lot of time with students. Breakfast and a Good Book Programs brought many families together to learn how to support their child to grow with their literacy skills. A full day, 5 day a week 4K Program was approved by the Board. English Learner Family Meetings evolved to support the needs of our bilingual families, thanks to Ms. Deitzel. Most important, we continued to celebrate students' successes be it socially, emotionally, and academically. The Oakfield Elementary staff is extremely proud of the students' hard work and resilience. These are just a few of the many events that happened at OES this school year. We can't wait to see what 2023 -2024 school year has in store for all of us.

All kids need summer, and time to unwind. Parents need it too. However, the students have worked super hard to rebuild their academic skills this school year, so don't let the "summer slide" cause your child to fall backwards in their skills. Spending 30 - 45 minutes a day on reading, writing, and math sure can make a difference.

Below are a few ideas to keep your child growing during the summer months:

- Read a books together
- Visit the public library and join their reading program
- Use the iReady website to continue individual student learning
- Play board games or card games using math skills
- Write letters to teachers, friends, family members
- Keep a journal between a child and a parent
- Attend summer school
- Participate in the OES Summer Challenge

Have a wonderful, healthy, fun-filled, safe summer! I will see you all very soon!

Mrs. Doyle

Oakfield Elementary Principal

# Message from Ms. Conners

Dear Oakfield Families and Community Members,

It is hard to believe that the end of the school year is upon us! We have accomplished many things this school year!

#### Academically

- Improving our 2022 ACT score at HS that is over 2.5 pts higher than 2021 and higher that our neighboring districts
- Oakfield Middle school reaching growth goals and Exceeds State Standards
- Oakfield Elementary school Significantly Exceeding State Standards.
- Piloting new ELA material at both the Elementary and Middle levels
- Implementing new math materials at the Middle School
- AP and CAPP course success

#### **Facilities**

- 5 Middle School classroom addition with bathrooms & school counselor offices
- Renovation of MS/HS building over the summer will include:
  - Updates to safety, security and accessibility by modifying the main entrance and office to better monitor and control visitor access and ADA updates to meet code requirements;
  - Improve learning & support spaces through the creation of flexible group spaces for student work and special education to support current teaching and learning needs.
  - Address building repairs and maintenance. Interior and exterior repairs as well as modernizing our mechanical systems to provide for energy efficiencies and a more comfortable learning environment.
- The renovation of the building will be completed for the start of school on September 11, 2023! We are all extremely excited to share the finished product next fall.

The Middle School/High School and parking lots will be a construction zone all summer and will NOT be ac-<u>cessible.</u> The "pony diamond" parking will be School Street, White Street or the Elementary School Parking lot. Village Park parking will be available for both softball and baseball.

Be sure to check out the district website for additional information and pictures. https://www.oakfield.k12.wi.us/ Have a great summer and looking forward to seeing you in the Fall!

# Oakfield Students Participate in Red Wing Band Festival

Leyton Batchelder, Paige Corris, and Autumn Dubey joined approximately 70 other area band students at Ripon College for the Red Wing Band Festival on Monday, April 24th. They spent the day rehearsing three band songs under the direction of Tobin Shucha, had a brief tour of campus, attended sectionals with college professors, and concluded the day with a successful concert.

The students enjoyed performing in a full band setting and working on different music. Mrs. Mohr would like to thank the staff at Ripon as well as Robert Booty who donated funds to Ripon College to make the experience possible for all students at no cost to families or school districts.

#### State Solo-Ensemble

The Wisconsin School Music Association hosted one of its state solo-ensemble sites at UW-Oshkosh on Saturday, April 29th. Oakfield High School was well represented and all students performed very well.

The results of the state events are:

Autumn Dubey – 2<sup>nd</sup> on a flute solo

Norah Haase – 2<sup>nd</sup> on a vocal solo

Mackenzie Liebelt and Madeline Meredith – 2<sup>nd</sup> on a vocal duet

Leyton Batchelder – 1st on a clarinet solo

Annabella Hartwig- 1st on a vocal solo

Kaitlyn Volbright – 1st on a vocal solo

Annabella Hartwig – 1st on a musical theater solo

Kaitlyn Volbright – 1st on a musical theater solo

CONGRATULATIONS to all of these students!!

#### Trailways Academic All Conference

Juniors Justin Marschie, Savannah Tapp & Aly Lamonska were recognized by the Trailways Conference for their academic success. Junior students need to have a 3.5 GPA or higher and a 1130 or higher on their PSAT. Seniors Molly Miller, Lucas Meredith, Sophia Reynolds and Norah Haase were also reconized. Senior students need to have a 3.5 GPA or higher and 25 or higher on their ACT to earn Academic All Conference. Congratulations!

#### High School Duo Competes

Oakfield High School students Eric and Zac Schraufnagel who are enrolled in our Automotive program went to a competition on Saturday, April 15th to compete against 20 teams from 17 schools in an automotive skills competition. Our Oakfield team did an amazing job, took 5th place, and each student was awarded \$1,000 in scholarships to UTI (Universal Technical Institute).

#### Junior Prom

#### **FFA**

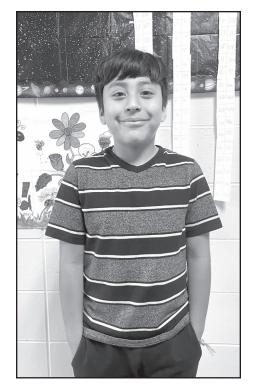

On May 3rd the Oakfield FFA and agriculture department opened up the greenhouse sale to Oakfield students, soon after it was opened up to the rest of the community. We would like to thank everyone who bought and helped out at the greenhouse sale this year. We hope to see you next year! On May 15th FFA students drove their tractors to school and presented tractor safety to the elementary school students. Coming up on June 13th, eleven FFA students will be going to Madison to attend Wisconsin State Convention. In July FFA members are going to present projects at the Fond du Lac County Fair. Good luck to all FFA members that are participating! Also in July FFA officers, Justin M. and Marissa K., are going to Washington for the Washington Leadership Conference. We would like to congratulate Justin and Marissa for this once-in-a-lifetime opportunity.

## Hooked On Fishing

Dr. Guy Jansen along eit the Lighthouse Angers sponsor "Hooked on Fishing". This is an annual event held at the Fond du Lac Aquatic Center. Fishermen work with our youth, teaching them how to cast and showing them different techniques as far as making the various lures used for fishing. Kids are divided into different age groups and practice casting into hoops set up in the aquatic pools. Prizes are awarded for the kids who display the best casting skills. Members of the Oakfield Lions Club donate their time each year to work the food station at this event.

Standing (L-R): Lions Ed, Linda, Vic, Diane, Judy and AL Seated next to Lion Karen is our mascot Clayton.

#### Seniors Learn about Menominee Culture and Sites

MENOMINEE CULTURE

Mr. McCarty took the See America First in the FFA van to the Menominee Reservation on April 28th. We were covering Wisconsin and local areas in the class, and this field trip provided a first hand experience.

We visited the Menominee Cultural Museum and learned about the history of the Menominee Nation, then we visited Keshena Falls. After we took nice pictures on the Wolf River, we stopped by the Shawano Dam to see the sturgeon spawn. The following are the students' pictures and captions of what they experienced.

Students visited the Shawano Dam on April 28th. The park offers a nice view high above the Wolf River, which made this ideal for seeing the sturgeon in the murky water. The end of the week was starting to warm up, so we did see a few large sturgeon. Pictured here is Amanda Hardy (closest to camera), Fiona Stalf, Jacob Uttendorfer, Karlee Kalmus and Mason Garner (farthest from camera). Photo and caption by Mr. McCarty.

On Friday, April 28, Dr. McCarty's See America First Class took a trip to Keshena Falls where we got to watch the rapids and waterfalls on the Wolf River. It was very peaceful listening to the water and watching the stream. A man who was there with his daughter came up to me telling me stories about how him and his friends used to jump off the bridge into the water. It sounded very thrilling but also dangerous when you can see how fast the water moves against these rocks. He talked about the Graffiti under the bridge and how when you signed it with your couple you'd be together forever. I asked if he came often and he said he tries to come everyday just for a little while. He just leaned over the bridge and watched the water peacefully. Caption and photo by Karlee Kalmus

My favorite part of the trip was seeing the Sturgeon. When we first got there I really didn't think that we would see anything but then when we went up on the bridge and looked down we saw a couple of big sturgeon. Not many of them flopped around but a couple did. I would definitely go back to see this again because I did enjoy it a lot. Caption and photo by Isabelle Davies

This is a very special carving at the Menominee Cultural Museum which relates to the Menominee creation story. This bear was carved from an huge butternut tree. Photo and caption by Mr. McCarty.

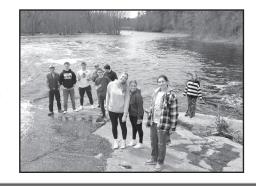

On our trip to Shawano we stopped at many places such as the Menominee cultural museum, and the Shawano Dam. But my most favorite was going to Kashena Falls watching the fast moving water and skipping rocks. (Caption by Mason Garner)

On April 28th Mr. McCarty's See America First class took a trip up to Shawano to watch the sturgeon spawning. Despite having difficulty seeing into the water with the dam open the class was able to see an estimated 5 sturgeon. Pictured on top is the view of the dam from a nearby bridge.

Another location we visited on the way back to school on our trip was Originals Antique Mall. I had never been to an antique mall before this and thought it was a really cool experience. There were so many different things and I really do think anyone could go and find at least one thing they would like. I really liked seeing all the different old music types of things. There were vinyls to bobble heads. Aside from music there were old hunting tools, oil cans, vintage clothes, kitchen supplies and lots more. I think it was an awesome place to see history and find unique things you would never be able to find in any big chain stores. Photo and caption by Fiona Stalf.

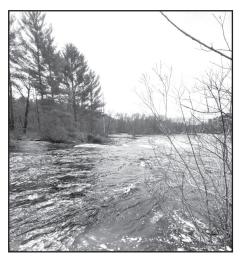

For our field trip we went to many different places within two hours of Oakfield. One of the places we went that I really liked was Keshena Falls. The area had quick flowing waters and was very pretty. I liked the sound of the river and the way the water moved. It never flowed the same way, but it moved at a constant speed. I would recommend going, even though the drive was longer, and I would go again. Caption and photo by Fiona Stalf.

We went to Keshena Falls and it's a beautiful place to go to. I also enjoyed the nature, the wildlife and listening to the waterfall. We went to the Oshkosh Antique Mall and I saw this Lighting Jim and Deputy Whitey Larsen photo with signature son it. They were a friendly radio program long ago. (Caption and photo by Amanda Hardy)

On our trip to Shawano and the Menominee Reservation, we made a stop at the Menominee Cultural Museum to learn about the history of the natives and their land. They had many artifacts that had deep meaning and ties to the culture, explained by our tour guide. My favorite part was the hand carved 9 foot tall wooden statue of a bear man that was a symbol in one of the stories of the Menominee people. Photo by Mr. McCarty, caption by Lucas Meredith
