Helping Your Children and Teenagers to Deal with Stress Effectively

March 16, 2020 6:00 - 7:30

We live in a pressure-filled society where stress and anxiety are common. How can we help our kids learn to cope with and adapt to these stresses to prevent long term effects of stress for their futures?

Join Dr. Sarah Arnold, a licensed psychologist, as she discusses ways to help your children and teens cope with daily stress and larger anxieties. Learn effective tools and resources to use with kids to help them lower their level of stress and manage anxiety, which can help to improve overall health and well-being. With lower levels of stress and anxiety, children can grow in the healthiest ways possible.

4K Registration

Time to register for 4K! Children born before September 1, 2016 are eligible for enrollment in the 2020-2021 school year.

Please stop by the elementary office to register your child, if you have not done so already. Spread the word to friends and family who may be interested in the School District of Oakfield 4K program. Oakfield Elementary is excited to welcome the Class of 2034!

Mark Your Calendars

Students in grades 3 - 5 will take the Wisconsin Forward Exam during the weeks of April 13 - May 1. Teachers will be providing families with exact days and times for their classrooms after Spring Break. We **strongly encourage** families to schedule appointments and other activities around this assessment schedule. Making up the assessments will require additional time out of the classroom, so we hope to avoid this whenever possible. This assessment will be used to gauge how well students are mastering the Wisconsin State Standards. Thank you for your support!
