- Principal's Report
  - o The playground project has been completed. It's been a great experience for students to be able to watch. We are very excited for students to get out there to play!
  - o We are here to support you with all of the craziness that COVID has brought to our lives. Please reach out with any questions or concerns.
  - o County numbers have been high, which has unfortunately limited some of our activities, including Halloween parties. We are doing our best to keep students safe, but also trying to provide these fun days as well.
  - o You are able to track the COVID numbers for the school district daily on the School District website. Numbers are updated at least once a day.
  - o If you have any questions about your child and his/her symptoms, please don't hesitate to reach out and call the office. We will help you work through what to do. Elementary student symptoms are more mild than older children or adults, but they are still testing positive. Please be cautious as numbers continue to climb.
  - o There is onsite testing available at school. If your child is exhibiting symptoms, you are able to schedule an appointment for a drive-up test. Please contact the office with any questions.
  - o Thank you so much for all you have done to help curb the spread of COVID. We want to keep our school open, so please continue to practice safe measures like social distancing, limiting gatherings, hand washing and wearing masks. Thank you for your cooperation.
  - o The Virtual Wall of Fame Assembly will take place on Friday, November 6.
  - o The next School Board Meeting is a Committee of the Whole Meeting on Monday, November 9.
  - o Virtual Veteran's Day Assembly will be Wednesday, November 11
  - o Virtual Giving Tree Program begins Monday, November 23
  - o Thanksgiving Break November 25-27.
